

Let your users top up accounts paying in virtual currency

while you receive your preferred currency

SECURE DEPOSITS

With Coinify Deposits customers can **top up their e-wallets, prepaid cards, FX and gaming accounts with virtual currencies**. This includes Bitcoin, Ethereum, Litecoin and many more of the most widely used virtual currencies.

Coinify converts all payments made in virtual currency into your preferred local currency to easily meet the needs of your customers, while ensuring you will **never be exposed to price fluctuations**. We bring the necessary blockchain knowledge so you can provide your end-customers with an additional **attractive payment method with no extra hassle**.

HOW IT WORKS

Step 1

Customer wants to deposit €500 in Bitcoin to their account/eWallet. They select the cryptocurrency payment option.
