

Let your users buy and sell virtual currency

With Coinify Trade Solution

COINIFY TRADE SOLUTION

Increase user engagement by allowing users and visitors to easily move between virtual and traditional currencies without ever leaving your website/app. With a choice of our easily integrated and customisable solutions, your users can make payments through bank transfer, credit cards or virtual currencies and receive the currency of their choice, providing them with **a hassle-free, secure and compliant service.**

KEY BENEFITS

GIVE USERS ACCESS TO BUY & SELL VIRTUAL CURRENCIES THROUGH YOUR WEBSITE OR APP

Coinify Trade Solutions provides an all-inclusive service (including KYC, AML and Source of Funds checks) giving you the opportunity to increase the engagement of your customers by allowing them to easily trade cryptocurrencies on your website or mobile app.

FRICTIONLESS SET-UP AND INTEGRATION AS EASY AS EMBEDDING A YOUTUBE VIDEO

Choose between a variety of integration methods for a virtually zero effort integration. Design, payment options and choice of virtual currencies can also be customised if desired, to provide you with the full functionality needed to easily monetise your users.

SECURE TRANSACTIONS AND AN ATTRACTIVE REVENUE SHARE

All transactions made through the Coinify Trade Solution are secure and guaranteed by Coinify. For larger volumes, we offer an attractive revenue share.

JOIN US

Coinify's global virtual currency trading services are available for all users of any virtual currency wallet, website or mobile app.
